PROFILE

As a motivated and enthusiastic computer science student, I have honed my skills in HTML, CSS, and JavaScript, showcasing my efficiency in quickly mastering new technologies. Currently, I am expanding my expertise by learning Linux. With a strong foundation in web development and a commitment to continuous learning, I am eager to contribute to innovative projects and further develop my technical abilities.

TECHNICAL SKILLS

- PROGRAMMING LANGUAGES
 - C
 - C++
 - JAVASCRIPT
- PROGRAMMING CONCEPT
 - Object Oriented Programming
 - Data Structure and Algorithm
- OPERATING SYSTEM
 - Linux (RHCSA Certified)
- CERTIFICATIONS
 - NPTEL (Programming in JAVA(Elite)
 - CISCO (Programming Essentials in C)
 - RHCSA (Red Hat Certified System Administrator)

PROJECT

• Zomato Project

Developed a Zomato clone using HTML, CSS, and JavaScript, featuring a user-friendly interface, responsive design, and dynamic content rendering to simulate restaurant search, menu browsing, and review functionalities, enhancing my web development skills.

• Rock Paper Scissor Game

Developed an interactive Rock-Paper-Scissors game using HTML, CSS, and JavaScript. Implemented game logic, user interface, and dynamic styling to enhance user experience. Demonstrated proficiency in web development and responsive design principles.

• Doctor Patient Portal

Currently working on the development of a Doctor Patient portal ,an online platform that allows patients to communicate with their healthcare providers, access their medical records, schedule appointments, and manage their health care more effectively.
